

Butterfly Release at the Texas Discovery Gardens

The Woodall Foundation has been a long time supporter of the Texas Discovery Gardens. On January 9th Woodall Foundation board members and their families attended a tropical butterfly release at the new Rosine Smith Sammons Butterfly House and Insectarium. Butterfly species from all over the world were flown in to inhabit the newly completed conservatory. The temperature inside is kept at 85 degrees year round to accommodate the butterflies' necessary living conditions. This event sold out almost instantly when the doors opened at 10:00 AM. In addition to the release, there were arts and crafts for the kids along with live music and refreshments for all in attendance. For more information or to arrange a tour, please visit www.texasdiscoverygardens.org.

Martin Woodall and TDG Executive Director Melissa Martin posing with the daughters of W/F board member Robert Hart at the butterfly release. Notice the large butterfly over Martin's shoulder.

Supporter Spotlight

Dr. Gregory Echt is one of the leading radiation oncologists in the Dallas area. He and his wife, Susan, generously supported a \$5000 grant that the Woodall Foundation recently made to the Children's Craniofacial Association. Thank you Greg and Susan. We appreciate your contribution. For more information on Dr. Echt and his work on non-surgical care for prostate cancer, please visit www.prostateseedinstitute.com

Woodall Foundation Supports the Children's Craniofacial Association

The Children's Craniofacial Association is dedicated to improving the quality of life for people with facial differences and their families by addressing the medical, financial, psychosocial, emotional, and educational concerns relating to craniofacial conditions. Their mission is to empower and give hope to individuals and families affected by facial differences.

The funds donated by Dr. Echt and the Woodall Foundation will support the CCA's ongoing programs, specifically their annual summer retreat that provides opportunities for the entire family to interact with others having similar experiences. The retreat is also a place that allows the children to blossom and feel normal. To learn more or to make a donation, please visit www.ccakids.com

Woodall Foundation Donates to Noogieland at Gilda's Club

Children affected by cancer, and those who have a family member or friend with cancer, deserve a program that addresses their needs. This special program at Gilda's Club is called "Noogieland". Noogieland uses a warm and supportive play environment to fulfill the psychosocial needs of children by making the cancer experience part of ordinary life. The children enjoy their time in Noogieland while their parents, family members and friends participate in their own Gilda's Club activities. In December the Woodall Foundation made a \$5000 donation to help support Noogieland and its efforts in "building a brighter future for kids".

Turkey Tunes 2009 Benefitting the Woodall Foundation

The third annual Turkey Tunes Benefit Concert was held on Sunday, November 29 at Memphis Restaurant and Club in North Dallas. Once again the Woodall Foundation benefited from this amazing, musical event that featured ten different acts. These bands performed a mix of original recordings and popular cover songs in a fun, festive environment.

Turkey Tunes 2009

In addition to the live music, those in attendance were able to bid on several auction items donated by local retailers and merchants. The Woodall Foundation would like to thank Mark Heymann, and the other volunteers that helped organize this wonderful event. This year's fundraiser collected twice as much as last year, and preparations for the 2010 event have already begun. We look forward to seeing you there!
